

AvirToll

What is TOLL FREE?

Toll Free is a telephony service with a 088 prefix. Toll Free numbers allow callers to reach businesses and/or individuals without being charged for the call.

The charge for using a toll-free number is paid by the called party - the toll-free subscriber, instead of the calling party.

PAID BY THE CALLED PARTY

Toll-free numbers can be dialed directly to your business or personal telephone line.

TOLL FREE in Azerbaijan

AvirTel through extensive programming has integrated its switching facilities with all the land-line and wireless carriers in Azerbaijan creating the Toll Free service.

A hand is visible on the left side of the image, reaching towards a teal-colored text box on the right. The background is a blurred indoor setting with light-colored walls and ceiling. The text box is a dark teal color with white text.

**Toll free number in
Azerbaijan refers
to as 088 area code
and phone number
consisting of 7 digits.**

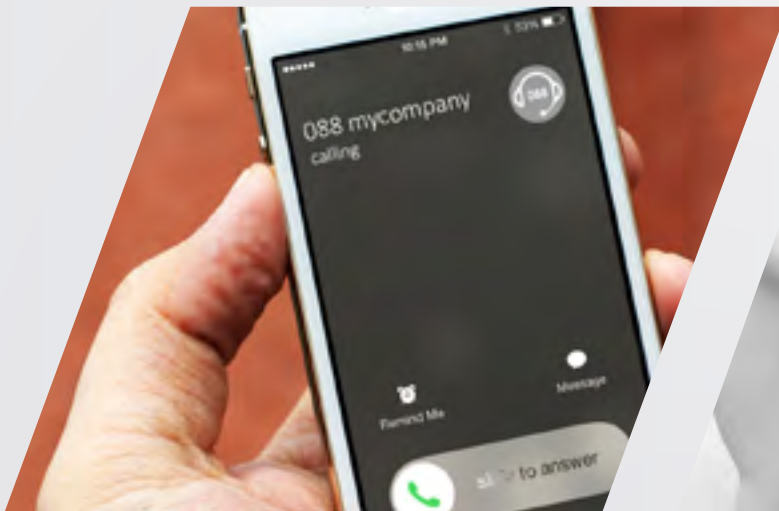

How does a Toll FREE service work?

With a toll-free service, you'll get calls that ring on your existing phone line at no charge to the caller.

**You answer the
phone call as you
normally would. There is
no installation required at
subscriber side.**
